### Comment text:

I am not sure how pushing a bulge out from Millbrook Ward into Redbridge helps, I worry that it might create something of a no mans land. As we have an emphasis on becoming a child friendly city I wonder how far consideration has been given to how this change might affect schools, especially Primary. It has always seemed strange to me that Redbridge Fire Station sits within the Millbrook Ward Boundary and this will not be changed by the proposals. There has long been confusion with the Millbrook Park Estate, being in Redbridge Ward, not sure how that could be sorted.
