### Comment text:

My comment at this late stage of the consultation concerns the proposed nomenclature for the new wards being proposed in the central area currently labelled 'Bevois', 'Bargate North' and 'Bargate South'. If the current boundaries as proposed are to be recommended I would prefer these wards to be renamed: Bevois and Northam; Bargate and St Mary's; Banister and Polygon. This nomenclature would better reflect the identities of the communities being served and enable better public engagement
