Comment text:

I have listened to the discussions about the proposed ward boundary changes and feel as many within our area do. The most contentious suggestion is to create a new border along Avenue road instead of the current one which runs along Lodge road. I am part of the Outer Avenue Residents' Association which extends from 'The Avenue' to Portswood Road west- east and Lodge road in the south up to and including Gordon Avenue in the North. The identity and Community activities we have worked at over several years have been centred within these boundaries. We have been involved in researching the history of the area and very aware of Sir Bevois and the former estate. I feel with many others that the area should not be split along Avenue road but remain a single entity. This would mean either absorbing all of it into Portswood or all of it into Bevois. We have worked with our Councillors and local Residents on this patch and appreciated their interest and support in forging our Community Links and hope to continue this.
