

## West Northamptonshire Council

### Personal Details:

**Name:** Chris Bailey  
**E-mail:** [REDACTED]  
**Postcode:** [REDACTED]  
**Organisation Name:** Holcot Parish Council

### Comment text:

Having discussed the proposed boundary changes where I think Holcot is being put into the Moulton district/ward the council felt that we needed to be grouped with similar places such as Walgrave. We felt that rural and urban areas sharing representatives would result in our villages needs and issues being overlooked. Rather than just bolt surrounding villages to areas of higher density such as Moulton we felt that small villages should be grouped together to make a larger unit. We fear and the villagers fear that grouping us into wards where there is large scale development etc would result in the villages needs being ignored. The beauty of Northamptonshire is its countryside and we need to ensure the political structure of our county reflects this.
