Comment text:

Following discussion at our November meeting we submit Dorney Parish Council's response to the consultation over changes to the electoral ward boundary changes below: Both Dorney and Taplow are rural, riverside Parishes which distinguishes both from the more urban areas of Burnham. For this reason we urge the alternative solution of a single councillor ward for Dorney and Taplow parishes, such as is proposed in two of the High Wycombe area of Sands and Downley wards. We believe that an alternative solution which would better serve both Dorney and Taplow Parishes would be with a single councillor ward and Burnham Lent Rise integrated with Burnham Church and Beeches to ensure a more effective ward for them.
