

## Buckinghamshire Council

### Personal Details:

**Name:** Louise Steele  
**E-mail:** clerk@iversparishcouncil.gov.uk  
**Postcode:** [REDACTED]  
**Organisation Name:** The Ivers Parish Council

### Comment text:

The Ivers Parish Council accepts the concept of a Buckinghamshire Council ward that encompasses both the Wexham Parish Council area and The Ivers Parish Council area (this mirrors the existing Community Board arrangement). The parish council is pleased that the Iver ward is proposed to be a three-councillor ward but regrets the dilution of representation and the increase in councillor workload that the large size of the proposed ward represents. However, The Ivers Parish Council objects to the inclusion of New Denham within the putative Iver ward because there is no obvious or meaningful connection between the Ivers or Wexham and New Denham, further the proposal splits the Denham Parish Council area which is detrimental to the democratic representation of that parish area.
