**Organisation Name:** Buckingham Constituency Conservative Association

### Comment text:

On behalf of the Buckingham Constituency Conservative Association, we are writing to confirm our full support for the "Consultation Response from Buckinghamshire Council" to the Local Government Boundary Commission on draft recommendations for new ward boundaries across Buckinghamshire. We note the political consensus and support that has been reached by Buckinghamshire Council on their consultation response, and we want to offer our full-hearted support and endorsement to it. We hope the amendments proposed by Buckinghamshire Council will be accepted and adopted by the Commission, particularly those affecting the Buckingham constituency wards such as Buckingham, Newton Longville & Quainton, Steeple Claydon and Winslow & Horwood. We completely agree with the rationale, arguments and points made by Buckinghamshire Council in their cross-party consultation response and why is important that the amendments they have suggested are given serious consideration particularly in relation to community cohesion. It is very important to us that communities that currently work so well together do not become divided areas. We would like to place on record our thanks to all political parties and independents represented at Buckinghamshire Council for their willingness to work together to reach a political consensus on the best way forward for Buckinghamshire. We also note and thank all the opposition councillors who spoke so strongly in favour of the response from Buckinghamshire Council at a full council meeting on 30th November, notably Cllr Anders Christensen, the Leader of the Liberal Democrats on Buckinghamshire Council. Finally, we wish to thank the Local Government Boundary Commission team for their hard work and consultation. Evelyn Joy, Agent, Buckingham Constituency Conservative Association David Goss, Chairman, Buckingham Constituency Conservative Association
