Comment text:

HelloWe understand that this consultation has presented some difficulties for Mole Valley District Council (MVDC) and Charlwood Parish Council notes that MVDC has been unable to reach a clear consensus on a warding pattern for the district. However we welcome the fact that recognition has been given to the fact that, because of our proximity to Gatwick Airport, we consider ourselves quite separate to neighbouring parishes and it would be difficult to merge with them. We welcome MVDC's view that Charlwood needs to stay as a single-member ward and for the parish to stay exactly as it is and we trust that the LGBC agrees with that.
