I live on Coalway Road and object to the proposed changes. Penn Ward boundaries should be maintained as it has similarities with Merry Hill, Tettenhall Regis and Tettenhall Wightwick which are already recommended by LGBCE and the council to remain as they are. The test about clear boundaries is clearly compromised from what's proposed and leaves no clearly identifiable boundaries. The test around reflecting community identity has been ignored- St Michael's is very much a community church serving Penn residents, as are the unique community shops serving Penn Ward and are part of the character of Penn. Finally the average number of electors in the Ward per Councillor will still be within the range of ten percent over the forecast period of 2026. Please reconsider this change-thank you.
