To whom it may concern I am a resident of Coalway Rd and have been living here for the past 4 years. I have learnt about recent proposals absorb Coalway Road into Graisleigh. I find this proposal absolutely abhorrent. This would be devastating for the local community as we would lose our only Catholic Church. We have our own local community shops, property prices would plummet and and it seems as though the big wigs making these decisions have no regard for the lives of real people. People don't trust in government because of reasons like this. I hope when you are re-considering this proposal you take into account how many lives you are affecting so. We were not consulted on this matter and this is just another tale of the bureaucrats rolling over the tax-paying citizens and this how we get repaid, decisions made on our behalf and we are being told they will improve our lives. So in conclusion no one wants these changes to be made so don't do it. Kindest Regards An average Joe
