I live in Boxley about 15 houses away from medway. My postcode and telephone code are both medway. If someone happens to put maidstone on a letter to me I get a message on the letter nit known try medway. We get no help with highways, trees, or public footpaths. In other words whatever you do will not make any difference to people living in areas like me. Council tax is too high for no services. As far as I am concerned it's a waste of time and money. All councillors are overpaid. I can't remember the last time a Councillor came along my road to see what was wrong. You make your changes, you waste money, it won't do my any good
