Subject: Proposed boundary changes

[REDACTED] [REDACTED]

I wish to protest at the suggested boundary changes by Maidstone Borough Council which would mean that Sandway, Platts Heath, Liverton Hill and Lenham Heath moving to Headcorn Ward.

I have lived in Sandway for 40 years and have always identified as being part of Lenham. Our social, health , policing, sporting, spiritual and schooling identity is with Lenham. My children were schooled in Lenham, we have worshiped at St. Mary's church Lenham and have shopped in the village. We are Lenham folk. We have always communicated with our Lenham councillors and our own Community Warden. We have no affinity or connection whatsoever with Headcorn!

It beggars belief that after all this time such a ridiculous change should be proposed.

Once again MBC comes up with an ill conceived and disruptive proposal which I am sure nobody in our parish is in agreement with and will do nothing but alienate us further from the council.

Please discount this ridiculous proposal.
