Comment text:

Lenham Heath, Sandway and Platts Heath have for many years been linked to Lenham and Harrietsham. This is a natural link and covers not only the Parish Councils, Churches, Doctor Surgeries, Local Schools, Charities, Health Services, and the use of the local Lenham Station for schoolchildren and commuters. There is no community link with Headcorn village. We are represented by councilors that know the existing area well having lived here all their lives and who have tirelessly developed local charities and helped the young and old populations within the existing parish boundaries. The proposed changes would be a retrograde step for the existing residents of the Lenham and Harrietsham wards in the areas listed at the beginning of this response as they would be the responsibility of an area not local to them or their needs. Please reconsider the proposed changes and help retain the longstanding local links. Please reconsider the suggested changes as they would not be an improvement on the existing parish boundaries for Lenham and Harrietsham.
