Organisation Name:

### Comment text:

We object to the proposal. Sandway is less than a mile from Lenham and we are well represented by our two councillors who are working tirelessly on representing us, particularly on the proposed Heathlands development, which will have an enormous impact upon the local community. This is not something that, with the greatest of respects to another councillor based over 6 miles away, is going to have the same resonance for the people of Headcorn ward. We are closely linked to Lenham geographically and historically. This link should not be broken.
