### Comment text:

We have lived in Sandway for nearly 17 years now and have always been part of Lenham. We use all the facilities within Lenham and have never done so in Headcorn. We will be in Lenham for the Queens Platinum Jubilee party and attending the beacon lighting up near the cross. We have never received anything to go to any other local area activity, apart from Lenham. This has always been fine as we can walk to the station, the village and the close surrounding area. We have no need to go anywhere else. We have always had the chance to vote for our local councillor for issues that are dear to us and we have always used it. If we are moved into the Headcorn ward then we become invisible. It feels like we will lose our identity as being part of a community, within the area we live the closest to. Long term our other worry is that we may end up being moved out of the parish and maybe classed out of area for our doctors surgery at Len Valley. Distressing thoughts which need to be taken into account for all of us in Sandway as access to anything else, will mean we will have to be able to drive there.
