Dear LGBCE,

I am writing to respond to your request for comments/feedback regarding your consultation on proposed new local government wards for Slough.

The proposals set out in the pages of your booklet covering the wards in 'West Slough' and 'West Central Slough' have my support. The wards proposed for these two areas of the town are logical, clear to residents and group recognisable neighbourhoods/geographic areas that have a distinct identity together in a pretty sensible way.

I therefore think the proposals for 'West Slough' and 'West Central Slough' provide equality of representation, reflect community identities and provide effective local government. I support the wards as proposed on the pages/sections of your booklet, referring to 'West Slough' and 'West Central Slough'.

I also support the ward names proposed in these two sections of the booklet – as these are areas that I think most residents could recognise and could broadly identify if the names were put to them. I think the proposal for 21 x 2-member wards is acceptable as well.

Yours sincerely,
