Dear Sirs

It has come to my attention that Ward changes are being discussed and of the options being considered many do not fit our community in Mereworth and therefore I would ask that the option you put forward is the combination of Mereworth, Hadlow and the Peckhams (being East and West)

These communities have always found common ground on many subjects and share our Fruit Farming Heritage being the homes of my company in Hadlow, West Peckham and Mereworth and NIAB East Malling Research station, the world leader in Horticultural research. Hadlow College is also one of the few remaining Agricultural colleges left in the UK.

This combination is by far the best solution to the issue that are addressing with councillors how understand our rural needs.

I hope this request is successful

Yours sincerely
