Comment text:

I am a resident of the Astley Bridge ward in Bolton and would like to register my strong objection the proposals that have been put forward to split up our area. Astley Bridge is not just a council ward, it is also a local area with a strong identity and sense of community. Residents from across the ward work together to put on community events and make the area look nice. We have large events such as the Christmas lights switch on and local artwork and flower troughs which local residents maintain. Residents from the areas you have proposed to move into South Turton are a part of this community, they attend local events and are members of local groups. Why try and change an area that works so well and is not broken? Residents across the ward shop locally in the area, send their children to local schools and the ward is where local facilities are located. There is no connection between areas of Astley Bridge and 'South Turton', we are a distinct area in our own right. Indeed, there is no direct access between the areas off Belmont Road and the rest of the ward you are proposing to move them into. I would be grateful if the proposals would be revisited and the Astley Bridge ward was not split up.
