Comment text:

As a resident of Astley Bridge, I would like to register my opposition to the proposals to split up the current Astley Bridge ward which I feel would be detrimental to our community. Astley Bridge is a historic area that has existed for hundreds of years and only agreed to join Bolton Council in 1897 on the basis that the area retained its distinct identity. Residents have a real sense of belonging in the area and we work well together with local community groups such as the Friends of Astley Bridge and our local ward Cllr's. Many of our local community events are held on Andrew Lane park and are well attended by residents that live in the immediate area. Under the current proposals, the park and many local residents would be removed from Astley Bridge, it would tear the heart out of our community. I see no benefits to these proposals and feel that they would weaken our community which we have worked so hard to create and maintain.
