Comment text:

I am writing to submit my own personal objection to the proposed changes that have been put forward and in particular the effect that these proposals would have on the Astley Bridge ward where I reside. Residents in the affected areas that are being moved into the South Turton ward are members of and get involved with local groups and organisations within the existing ward. The Friends of Astley Bridge group is the most prominent and holds regular events that are well attended on Andrew Lane Park but residents also worship and shop within the current ward. The affected areas have no such facilities of their own and so would be forced to travel long distances if they were to use similar facilities in the new South Turton ward. Templecombe Drive and Eagley Bank are cut off from South Turton and I do not think that it would be beneficial for enclaves of another ward to exist within Astley Bridge. These proposals would ultimately divide a thriving community and artificially place residents of Astley Bridge, that belong in Astley Bridge into a new ward which they are not naturally a part of.
