Subject: Boundary change proposals

Categories: Submissions, [REDACTED]

It is unusual for me to have any involvement in local politics but I very strongly wish to record my objection to the proposed boundary changes around Astley Bridge and "South Turton"
It would appear that the proposals have been made without consultation with the local community and how it would change community identity. The changes around the Belmont Road/Andrew Lane park area would rip out the heart of a community of many many years and with a rich history. Indeed, the centre of several successful community celebrations, Andrew Lane Park, will be removed from from it's natural community ownership.

I strongly recommend that much more consultation takes place with local councillors and community groups before any final decision is made.

Yours faithfully,
