Comment text:

I would like to add my name in objecting to the proposed changes that have been put forward for the Astley Bridge Ward. We are a community with a proud and long history with many residents involved in local organisations such as the Friends of Astley Bridge, who do so much good work in the area such as organising the Astley Bridge lights switch on at Christmas on Andrew Lane Park. If these proposals are carried forward, these events will be damaged and the community spirit that has been fostered with residents who will be moving into the South Turton ward will be gone. In addition, I understand that these proposals will place residents from our community into a new ward, with which they have no connection, no community links and no easy direct access, which must be wrong.
