### Comment text:

I am a resident of Astley Bridge and a long standing active member of the Friends of Astley Bridge. I wish to provide a strong objection to the proposals published by the Commission which would see my local community split apart. The Friends of Astley Bridge have worked hard to bring residents across Astley Bridge together and we enjoy widespread support from residents across the ward. The artwork displays that we organise with local schools and Remembrance displays are put up across the ward, including on Belmont Road by Templecombe Road which under these proposals would be outside of the ward. In addition we organise community get togethers on Andrew Lane Park through the year, culminating in the Astley Bridge Christmas lights switch on. As you will be aware, the park is being moved out of the ward, along with surrounding areas. The residents in these areas frequently attend our events and consider themselves to be part of the Astley Bridge community. They do not travel to Dunscur or other areas to the north to attend such events. Dividing the ward and removing these residents would also mean dividing our community which we work hard in.
