

Bolton Borough Council

Personal Details:

Name: [REDACTED]
E-mail: [REDACTED]
Postcode: [REDACTED]
Organisation Name:

Comment text:

I would like to add my name in objection to the proposed changes which have been put forward for the Astley Bridge Ward in Bolton. Astley Bridge and Sharples areas have a strong commitment to one another, and I believe these proposals would be damaging for community events, by removing important focal points such as, Andrew Lane Park. In addition, many residents are members of and get involved in local organisations, such as the Friends of Astley Bridge. Many residents are also involved in local churches, which would under your current proposals fall outside of the ward. Residents in these areas belong in Astley Bridge, this is where they actively contribute to the local community, complete their shopping, attend church, and make use of the leisure facilities.
