### Comment text:

We would like to join with other local residents in registering our opposition to the proposals that have been put forward in respect of the Astley Bridge ward. We are local residents in the area and believe that these proposals would be disastrous for Astley Bridge. Residents in Astley Bridge have a strong community identity and it would be wrong to remove a large number of residents from the area against their will. It would divide the area and cause damage to local community groups as well as unnecessary bureaucracy for the Council as many will still believe, and rightly so, that they continue to live in Astley Bridge. We also disagree with the proposal to bring Hall i' th' Wood into the ward. This area has no connection to Astley Bridge being more closely linked to Harwood and Bradshaw. Residents from that area are not involved in any of our community groups and there is no real interaction between that area and Astley Bridge. [REDACTED]
