### Comment text:

We were disappointed to learn of the Boundary Commission proposals that would split up Astley Bridge and divide our community. Astley Bridge is a distinct geographic area, with a long proud history and a strong local identity. Residents have worked hard locally to create a real sense of local community and a spirit of cooperation. We have a number of flourishing local community groups such as the Friends of Astley Bridge who work alongside our local Cllr's to bring residents together and brighten up the area. A number of events are held each year at Andrew Lane Park such as the Christmas lights switch on and Easter egg hunts. It was distressing to learn that the park, which is very much a focal point for the wider community was going to be removed from the ward. Removing such a large number of Astley Bridge residents from the ward will weaken the community and split up an area that many have worked so hard to bring together. Astley Bridge works well as an area and does not need to change. [REDACTED]
