### Comment text:

We wish to add our names in opposition to the proposed changes to the Astley Bridge Ward in Bolton. The current proposals seek to split up an historically significant community which has existed for over 100 years and that has a unique local identity. It is an area that has a real sense of community spirit and this can be seen through the local community groups that exist such as the Friends of Astley Bridge who do a lot of work to bring people together and all the community events that are held within the ward. These events are often held on Andrew Lane Park which we understand would be moved out of the ward, along with many residents that call Astley Bridge home. It is for these reasons why we wish to express our opposition to these proposals which would divide our community. [REDACTED]
