Subject: Proposed Boundary Changes - Partington, Trafford

Categories: Submissions, [REDACTED]

To whom it may concern,

As a resident of the Partington area, I wholeheartedly disagree with the proposed changes to the boundaries.

Our area very little in common with the Dunham area, they are more Altrincham/Cheshire than Manchester.

Dunham is more rural, the majority of its residents are farmers and people on higher incomes whilst in my area we are mostly working class families with young children and well, it's mostly a housing estate and not the farmland Dunham is.

Professor Colin Mellors stated "We want to make these new electoral arrangements to reflect communities".

Both communities are chalk and cheese and the wards as is should be left alone. The proposed changes do not reflect either community.

The Partington ward ticks along just fine and our MPs do whatever they can when we need help. Extending the wards will not only give the MPs more work they will lose that personal touch with having more constituents to deal with and this of course will reflect when it comes to election time as the voters will remember who was there when they needed help.

As the old adage goes "If it isn't broke, don't fix it". Both wards work just fine the way they are.

Thank you.

Kind regards,

[REDACTED]
Partington Resident.
