As a long-term resident of Winster Avenue in the current Gorse Hill Ward I fully support your proposals to move my area into a new Lostock and Barton Ward. This makes a great deal of sense as it covers most of the services and shops used by me and my neighbours. In particular, the fact that the George Carnall Leisure Centre will be in the proposed new ward, would be a real benefit. The centre, which I have used since 1986, is a valued community resource and was saved from closure by community effort and hard work. It would be great to have that community resource back in this ward.

I also support the name change to Lostock and Barton as that gives us back our identity as Lostock, an identity which is not respected in the current arrangements. The new name better reflects the area it is proposing to cover.

In short I think both the boundaries and the name are a significant improvement on current arrangements.
