Proposed boundary change for Dunham Massey

I object to the proposal to take Dunham Massey out of the Bowden ward and place us within Western Parishes ward.

The reason for my objection are that the new ward boundary does not effectively represent at least two of the three legal factors that the Commission should use to draw up new boundaries.

There is no community interest or identity between Dunham Massey and the rest of the proposed ward. No common community groups, no facilities that are used, no public transport links and very few road links.

There is no evidence that the new ward would promote effective and convenient local government as we have very little, if anything, in common and we would end up being unrepresented completely.

Yours sincerely,
