The ward boundary for Westhoughton South should be modified to take in the area immediately to the north & east of Westhoughton town centre. East of Church St to Wingates A6 east on the A6 to Bolton Rd B5235, all east of Cow Lee Brook which should be the border with Westhoughton North. This would be much more representative of Westhoughton itself. Westhoughton North & Chewmore could take on Locstock Junction Sth of the railway and west of Beaumont Rd to make up their numbers.
