### Comment text:

Hi , I live in [REDACTED] which is in a small the part of Farnworth which when election time comes around is put into kearsley ward for the purpose of voting,because of this I don't think that we get anywhere near the level of attention from the councillor's, compared to the much larger Kearsley Ward which is actually in Kearsley, so I would like our small area to be put back into the Farnworth Ward to enable us to be better represented by the councillor's from the town I actually live in.
