I think all of Osmaston should stay together, whatever Ward it is put in, it's a community. It doesn't make sense for a few hundred houses to be separated and made to vote in Sinfin-I don't see any link for this bit of Osmaston to get stuck with a whole different area. There are no buses to get there and it would be at least a half hour walk to get there from my house. Osmaston should stay together, joining Wilmorton and Crewton and be a new ward, we could keep the same polling stations and be a bit more linked with Allenton market and the shops there. It's all about communities, Osmaston and Sinfin are very different, and are very separate. I don't want to see Osmaston separated from the rest of it. As a resident I travel through Osmaston daily. I walk past my allotments onto the park, through the park to my gym at Moorways and sometimes down to Allenton to the shops, or the library. It's all industrial to get from here to Sinfin so it's not something I ever do. Please keep all of Osmaston together.
