

Dear Local Government Boundary commission,

My name is [REDACTED] and I live in Alvaston. I helped campaign and gather 437 objections to prevent an 8-story flat being built in Alvaston. This was a community lead campaign which gathered 437 individual responses that saw the Alvaston community come together. This got people working together with a real passion for the whole of Alvaston community, across both proposed wards (Village and Crewton, Wilmorton & Osmaston Ward). This shows that Alvaston community has a lot in common and works together for its neighbourhood. I cannot support the attempt to split the Alvaston ward and its community up.

Regards,

[REDACTED]
