### Comment text:

Great Comberton is a small village on the slopes of Bredon hill - it has worked with Elmley Castle, Bricklehampton and Little Comberton for schools and vicars for over 60 years. Often sharing parish clerks, village assets when villages hold events. It is part of the AONB and Bredon hill group so to split it from other villages around the hill is silly - the district councillor will only have one village on the hill. And we do have different issues.
