Comment text:

Having read through the first stage review and the recommendations, I am broadly in favour of the changes, but cannot see why the proposed boundary between the revised Penkridge North and Acton Trussell ward and the Penkridge South and Gailey which uses the M¹ motorway as its one boundary, could not have simply followed the Cannock Road (B5013 ?) and continue along Pottal Pool Road to the junction with the A34. This would have placed Pillaton in the Penkridge South and Gailey ward (and consequently made a straight boundary. I realise that this would have split the small number of house located in Quarry Heath in two with one side belonging in the neighbouring ward, but would have made it easier to define boundaries. I am somewhat surprised that Penkridge Parish Council did not make comment on the recommendations regarding the obvious realignment of the Parish Council wards. Which effectively the change to the current West Ward which disappears with the Councillors voters split between the new North East and South East wards.
