A large black rectangular box redacting the personal details of the user.

### Comment text:

I am opposed to the idea of splitting Shawforth away from Whitworth, Facit, and Healey in new plans for the following reasons:- 1. Geographically Shawforth is clearly part of the Spoddon Valley with Whitworth, Facit and Healey. The River Spodden and it's Valley rises in Shawforth and this is a clearly defined area. 2. Shawforth is both closely linked historically and culturally to Whitworth, Facit and Healey, and in respect of services such as doctors, museum, library, local schools, transport, leisure facilities and sports teams they are shared and to a fully integrated with Whitworth. 3. Shawforth is clearly separate to Irwell ward both geographically and in terms of experience and issues that it shares closely with Whitworth.
