Comment text:

The Labour Group support the further draft recommendations of the following wards Bishopscarth and Elm Tree, Newtown, Grangefield, Yarm, Ingleby Barwick West, East and the Southern Parishes. We see that you have listened to the residents who submitted Letters of objection to the original draft proposals. We also support Thornaby Councils and the TIA submission regarding The area of land in Thornaby once part of the defensive perimeter of RAF Thornaby on Tees that the LGBC is proposing to annex to fabricate a ward called Ingleby Barwick South and would support the land to be put into one of the Thornaby Wards. Although this consultation is only on the new proposals I would like to remind you that the original consultation we suggested a name change for Parkfield and Oxbridge to Ropner Ward I hope in your final recommendations that you will consider this change.
