

Stockton-on-Tees Borough Council

I support Plan B Knowing Stockton-on-Tees, Newham Grange and it's residents identify as part of Grangefield and not Newtown as they are closely located together with natural boundaries to Newtown and Fairfield. people living here identify as Grangefield as they use the same school, shops, park and community centre, as well as the same church (St Paul's) Similarly people who live in Fairfield do not identify with Grangefield as they use their own Fairfield based shops, pubs, library and playing fields
