

Stockton-on-Tees Borough Council

I live in Newham Grange, and have always disagreed with being represented by Newtown Ward, as I believe we do not fall as part of Newtown Geographically, if Newham grange had to identify to a council ward it would be Grangefield as we share a similar name, areas are similar in house appearance, people use the same pub and parks. Similarly people in Grangefield and Fairfield identify separately and can confidently draw a boundary between the 2 areas, vice versa Grangefield residents do not identify with Fairfield and Fairfield residents do not identify with Grangefield as they use different schools and shops
