

Stockton-on-Tees Borough Council**Personal Details:**

I support the plan B proposal Living in Fairfield I strongly identify as a Fairfield resident, I use the Fairfield library, I drink in the Fairfield pub, I use upsall shops or rimswell shops in Fairfield. My Children attended Fairfield School and Ian Ramsey School. Grangefield is clearly a separate area to Fairfield, this is obvious to many local residents and a natural boundary can easily be drawn I believe I can speak for Grangefield residents and say they do not identify as part of Fairfield, similarly for friends who live in "Newham grange" they do not agree, identify or wish to be classed as Newtown, and would prefer to be classed as Grangefield instead as they use the same shops, school and park within the ward.
