

Dear Tom and Janetta,

Thank you very much for keeping us updated with the proposed boundary changes.

We find it very difficult to understand what the reasoning is behind this ridiculous idea is. We can only think that it is founded on some dubious political party manoeuvring. We feel incensed that we have had no personal contact about the MBC plans and having lived in Lenham since 1969 we feel that we could all have been treated more politely and respectfully. We wonder why we have been chosen for this stupid change and note that many houses surrounding Lenham are just as near as the Pilgrims Way is, from the centre of the village.

We would like to ask why the Lenham Chalk Cross is to be included in the exclusion. This is not justifiable.

We also would like to point out that the Lenham Cross is used as the Lenham Parish Council logo, and features on the Coat of Arms of Lenham Parish.

We totally agree with Councillor Tom Sams and would like to add our support.
