Completely ridiculous you plan to chop Thornaby in half! We're only a small town and have to fight for literally every single penny, carving up our town will make it excruciatingly hard to get any accountability from councillors. You can't be allowed to do this to our town, you're attempting to rip apart a town that has been here for centuries Thornaby was listed in the Domesday Book. This can not go ahead, keep our town whole and put all of it either under Stockton or Middlesbrough Council.
