### Comment text:

I live at [REDACTED] I identify strongly with the area to the eastern and south eastern side of the A449 Penn Road. My local shops and Post Office are on the Penn Road. For supermarket shopping it is easiest for me to not go past the town centre. The Waitrose store was my favoured supermarket until it closed at the end of last year. In non-covid times the Sainsbury's store on the ring road in Wolverhampton, and Wolverhampton city centre shops were a short and easy journey for me, by car or by public transport. At the moment I feel safer travelling out of Wolverhampton for a large supermarket, to the south and south west. In normal times for leisure activities I value the easy public transport links into Wolverhampton and Birmingham city centres, and identify with those more than areas west of the Penn Road.
