Subject: Re Local Counsellors and Areas.

Categories: Submissions, [REDACTED]

Please leave our area as it is. We have 3 Local, fantastic and hardworking Local Councillors from the Liberal Party in our area. They work together to give us fantastic support, help and assistance, not something that can be said about most areas of the Country. Politics is not looking great at the moment, don't break up and ruin something that is good. We need the three Councillors kept working together.

Thanks
