**E-mail:**

**Postcode:**

**Organisation Name:**

### Comment text:

Think the reorganisation makes sense. Splitting some of the larger wards makes it clearer who is responsible for your area. In particular our ward of County splitting into the proposed Clubmoor West means all the housing/ demographics etc are similar as opposed to wide range it used to be. This means the needs of the ward should be easier to identify and work with. The idea of equalising the number of people per councillor is important.
