Comment text:

Bought my house in 1999, Newbury Way, which is under West Derby. I object to this now being called Dovecot South with the risk of increased house and car insurance, and my house value decreasing. Only been made aware of this by neighbour. Written information should be sent to all residents and a vote should take place. Any increase in insurances and devaluation of house prices should be compensated. I totally disagree and object to us moving from West Derby to Dovecot South, especially as St Andrew's estate is staying under West Derby.
