I disagree strongly with splitting the Norris Green ward up into 3 areas for a number of reasons. The first reason being if we only have one accountable councillor what happens if we can not get hold of them? Who do we fall back on? Where as now we have the option of 3 councillors to choose from. The second being where would the transparency be with the funds the councillors have to spend within our ward? The main reason for my disagreement in splitting the ward is it has took us in excess of 10 years to break down boundaries within the ward and other surrounding wards. To split the ward now would be a massive step back in all the hard work that has gone in to building a cohesive community where residents feel safe and valued. I believe a split in the ward would be a split in the community where so many organisations and groups work together for the benefit of the residents and the area.
