Comment text:

I have lived in the Staveley area all my life, now aged 68. Why do we need to move to Brimington, Hollingwood would be forgotten about. The councillors for Brimington will just look after there own area. The representatives for this ward are hard working and do what ever they can for the ward. Hollingwood is one of the best areas to live, and we are looked after by our councillors, who do a marvelous job keeping the community up to speed with developments. So once again I say leave us alone, we are quite happy with what we have got.
