Comment text:

Overall, I support the LGBC draft boundary changes for Moor ward in Chesterfield - to be renamed Whittington Moor ward. Looking at the existing boundaries, current & forecast electorate and number of councillors required would appear to evidence the soundness and practicality of those changes. Any amalgamation of wards however, would need to take into account the importance of the historical identity people have with their local area and community. A proposal for the nascent Whittington Moor ward to incorporate parts of Old Whittington for example, immediately presents obvious problems in meeting the criteria set out to ensure consistency when making these changes across the borough. Who would wish to introduce unnecessary difficulties and why? To do so would be irrational if not bizarre and I would strongly oppose such proposed changes.
